Any required approval must be obtained in advance and attached to the application.

10. List of enclosed documents (cf. section 6-2 in the PhD regulation)

11. Signature (applicant's)		
Place	Date	Signature

Revised July 6, 2022

Guidelines for completion of the application form for PhD studies at Nord University

	Comments to some of the tables:
2. The thesis	Enclose the project proposal and schedule for accomplishment of the PhD degree. Please notice that the PhD programs have different regulation for the proposal's design, cf. each programs supplementary rules.
3. Education post upper secondary school	Candidates employed as PhD candidates at Nord University do not have to document again.
4. Employment/ plan for financing	Table 5 is to be completed if the information is available at the time of application. <u>Type of employment</u> may be: research fellow, short-term contract, permanent employment, temporary employment, specific assignment. <u>Source of funding</u> : If there are several sources, only one should be marked (M). <u>Duties in addition to research</u> . Relevant only for PhD candidates and research fellows employed at the Nord University.
5. Plan for the coursework component	The coursework component is defined in the Supplementary rules for each PhD programme. If your plans for the coursework component are already made, you can specify them in the application form. If not, the composition of this component can instead be specified in the contract upon admission.
6. Infrastructure	Table 7 must be completed if you need equipment/material beyond ordinary office standards in order to do your research, cf. section 6-3 in the PhD regulations. You may include this in your project description, or enclose a separate description.
7. Supervision and academic advisors	Fill in the names if you have suggestions about supervisor(s).
8. Association to research society	State which research society/group you wish to be connected to while writing your theses, and your plans for visits to other research societies – also abroad – during your study.
9. Legal and ethical issues related to the project	Describe any legal or ethical issues the project may raise and how these will be clarified. The application should state clearly any requirement for approval/dispensation/consent from ethical committees (REC), other authorities (NSD, Norwegian Food Safety Authority, National Correctional Service or others), or private individuals (informants, patients, parents/guardians etc.). Any required approval must be obtained in advance and attached to the application.
10. Enclosed documents	The following documents are mandatory: <ul style="list-style-type: none"> • Diploma(s) documenting your formal competence (master's degree or equivalent) and a project description. See the relevant PhD programme for requirements regarding description, size etc. • Any required approval/dispensation/consent from REC, NSD, National Correctional Services or others <p>Other enclosures may be CV, confirmations of completed examinations of courses you plan to apply to be approved as part of the training component for the PhD programme, and documentation of any other relevant education or work experience.</p> <p>Copies of international diplomas/confirmations must be stamped and signed by a licensed copying agency or a public notary.</p>

For further information, please contact the relevant Faculty.
