Application for approval of PhD thesis

The application for evaluations of the thesis can be submitted only when the training component is approved. The thesis will be evaluated in the form in which it is submitted. A submitted work cannot be withdrawn until it is determined whether or not it is worthy to be defended for the PhD degree.

Written application must include the following:

1. The thesis, 5 copies in an approved format, ref. §10-1 of the faculty's supplementary guidelines
2. Brief summary of the thesis in Norwegian (or other Scandinavian language) and English (appx ½ page)
3. Documentation of necessary permits, ref. §5-1, (NSD, ethical committee, or others)
4. Co-author statements, where required, ref. §10-1.
5. Declaration of whether the doctoral work is being submitted for the first or second time
6. Declaration that the doctoral work has not been submitted for evaluation at another institution
7. Documentation that the training component is completed and approved, ref. §8

The application must be dated and signed.
